Abstract: The higher vocational college counselors' ability to deal with the campus crisis is an important part to improve the counselors' vocational ability. The campus events can easily cause intense social repercussion, if it is not dealt with properly, it may also cause "magnified and radiative" effect. So it is very significant for the counselors to analyze the deep reason of the campus crisis, form the pre-warning mechanism, learn the methods of corresponding way to deal with it and for them to keep the physical and psychological health and ensure the normal life and teaching in colleges and universities.

Key Words: Counselor; Crisis Events; Coping Strategy
